

This easy-to-use absorbent and deodorant is ideal for quick clean-up of pet mistakes, vomitus, and other spills. It contains special deodorizers and the powerful odor neutralizer ODB for the greatest effectiveness in garbage cans, dumpsters, storage areas, cellars, elevator shafts, and other areas where stale, musty odors form.

DIRECTIONS:

To deodorize and absorb moisture in garbage cans, dumpsters, and large areas, sprinkle a sufficient amount of granules to absorb the liquid. Sprinkle more as required to control odors.

To clean up messy spills, smother the problem area with at least one-half inch layer of compound. Allow time for absorption. Sweep or scrape into dustpan or scrap cardboard for fast, easy removal.

DEODORANT GRANULES

WITH ODB

If area remains slightly wet, sprinkle more product on it, and work in with broom. When used on carpeting or upholstery, remove promptly after absorption is complete.

CAUTION: May be harmful if swallowed. Contains ortho dichlorobenzene. Avoid contact with eyes or mucous membranes. If swallowed, induce vomiting and call physician immediately.
