

CONQUER TBD

TUBERCULOCIDAL - CLEANER - DEODORIZER - DISINFECTANT
MILDEWSTAT (on hard inanimate surfaces)
FUNGICIDE (against pathogenic fungi) & *VIRUCIDE

ACTIVE INGREDIENTS

n-Alkyl (60% C₁₄, 30% C₁₆, 5% C₁₂, 5% C₁₈)dimethyl benzyl ammonium chlorides0.105%
n-Alkyl (68% C₁₂, 32% C₁₄)dimethyl ethylbenzyl ammonium chlorides.....0.105%

INERT INGREDIENTS 99.790%
TOTAL 100.000%

EPA Reg. No. 1839-83-68562 EPA Est. No. 10088-WI-1

KEEP OUT OF REACH OF CHILDREN
WARNING

See side panel for additional precautions and first aid instructions.

NET CONTENTS: 1 5 6 20 30 55 Gallons

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eye irritation, call a physician. If swallowed, drink egg whites or gelatin solution, or if these are not available, drink large quantities of water. Call a physician immediately NOTE TO PHYSICIAN: Significant mucosal damage may contraindicate the use of gastric lavage.

Violation of Federal Law to use this product in a manner inconsistent with its labeling.

CONQUER TBD is designed specifically as a general non-acid cleaner and disinfectant for use in homes, schools, nursing homes, hospitals, hotels, and restaurants; authorized by USDA for use in federally inspected meat and poultry processing plants. It is formulated to disinfect hard, non-porous, inanimate surfaces such as floors, walls, metal surfaces, stainless steel surfaces, porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs, and cabinets. For plastic and painted surfaces, spot test on an inconspicuous area before use. May be used in the kitchen on counters, sinks, stoves, and stovetops. A rinse with potable water is required for surfaces in direct contact with food. In addition, CONQUER TBD deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are affected by odors caused by microorganisms.

DISINFECTION, DEODORIZING AND CLEANING - Remove gross filth or heavy soil prior to application of product. Hold container 6 to 8 inches from surface to be treated. Spray area until it is covered with product. Allow product to penetrate and remain wet for 10 minutes. No scrubbing is necessary. Wipe with a clean cloth, mop or sponge. CONQUER TBD will not leave grit or soap scum.

TOILET BOWL CLEANING AND DISINFECTION OF TOILET BOWLS AND URINALS - Remove water from bowl by forcing water down trap with a swap mop applicator. Press swab mop against side of the bowl to remove excess water. Apply 1 to 2 ounces of CONQUER TBD evenly, allowing sufficient time for product to cover surface of bowl for maximum cleaning. Swab bowl completely using a scrub brush or toilet mop, being sure to get under the rim. Let stand 10 minutes and flush.

ANTIBACTERIAL ACTIVITY - CONQUER TBD exhibits disinfectant efficacy against Mycobacterium tuberculosis (BCG) in 10 minutes at 20 degrees Centigrade when used as directed on previously cleaned nonporous inanimate surfaces.

MILDEWSTAT - To control mold and mildew on pre-cleaned, hard, non-porous surfaces spray treated making sure to wet completely. Let air dry. Repeat application at weekly intervals or when growth appears.

BACTERICIDAL ACTIVITY - When used as directed, CONQUER TBD exhibits effective disinfection against the organisms: Staphylococcus aureus, Salmonella choleraesuis, Pseudomonas, Escherichia coli 0157:H7, Methicillin resistant Staphylococcus aureus (MRSA), Vancomycin resistant Staphylococcus aureus (VRSA), Vancomycin resistant Enterococcus faecalis (VRE) and other organisms. See requirements for hospital use.

FUNGICIDAL ACTIVITY - CONQUER TBD is fungicidal against the pathogenic fungi, dermatophytes (Athlete's Foot Fungus) when used as directed on hard surfaces found in shower stalls, locker rooms, or other clean, non-porous, hard surfaces commonly contacted by humans.

EFFICACY TESTS HAVE DEMONSTRATED THAT CONQUER TBD IS AN EFFECTIVE FUNGICIDE, AND VIRUCIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).

***VIRUCIDAL ACTIVITY**- CONQUER TBD, when used on environmental, inanimate, non-porous surfaces, exhibits effective virucidal activity against HIV-1 (associated with AIDS), Canine Parvovirus, and Poliovirus. CONQUER TBD KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS. In health care settings (Hospitals, Nursing Homes) or other settings where there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, the surfaces/objects likely to be soiled with blood or body fluids can be associated with the transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: When handling items soiled with blood or body fluids use disposable gloves, gowns, masks, or eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces before application of this product.

CONTACT TIME: Allow surface to remain wet for 10 minutes.

DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.
